

Petrofit

Cleaner for gasoline pumps

- ▲ Maximum solubility for fuel, oil and soot
- ▲ Protects the material on the surfaces in question
- ▲ Optimised for a rapid separation in the light liquid separator
- ▲ Particularly environmentally aware and gentle composition
- ▲ Economical thanks to the high product concentration
- ▲ Free from EDTA, NTA and phosphates

Application

Consult the manufacturer's instructions for the materials in question and test for compatibility in an inconspicuous spot where required. Do not apply on hot surfaces.

Intensive cleaner:

For petrol pump cleaning

Apply the undiluted product by spraying on or with a brush, sponge or cloth. Leave for 1-2 minutes to take effect. Then rinse thoroughly with water. Repeat the process for stubborn stains.

Note

A change in colour and clouding may occur without any loss in quality due to the natural raw materials. Apply extensively to saturate the surface. Do not allow the cleaning solution to dry. The plant manufacturer's instructions must be adhered to. No liability is accepted in case of incorrect and unprofessional use!

Ingredients (according to 648/2004/EC)

Anionic surfactants < 5%, water-soluble solvents, complexing agents, additives, dyes, fragrances, preservatives (Sodium Pyrithione, Benzisothiazolinone).
pH value (concentrate): approx. 10.5
