Meet(s) the requirements set out in the regulations or guidelines European, French decrees and orders and other following, relating to materials and objects in:

Stainless steel intended to come into contact with foodstuffs.

REGULATION 1935/2004/CE
REGULATION 2023/2006/CE
FRENCH ORDER 13 JANVIER 1976

Under normal and foreseeable conditions of use resulting in no modification unacceptable from composition or an alteration of the organoleptic characteristics of the foodstuff, this/these object(s) is/are fit:

- Contact with all types of food.

This declaration of conformity has been drawn up on the basis of the following elements:

- Declaration(s) of raw material suppliers.

This declaration is valid only for the material or the object as delivered (empty packaging), and as long as there is no regulatory modification or change likely to cause a modification of the inertia of the material or the item.

In any event, compliance is understood to be subject to compliance with the conditions of storage, handling and use, taking into account the specific characteristics of the material or object, conditions as provided for by usage or professional codes.

In the event of a change in the characteristics of the packaged product, its composition or its destination, as well as in the event of a modification of the conditions of implementation of the material or the object, the person to whom this declaration is addressed must ensure the compatibility containing content for which he assumes, then, sole responsibility.

This declaration must be renewed in all cases where compliance with the above is no longer assured and in the event of a change in the regulations.
