Connectivity is the key to success in modern business. In an increasingly interconnected global business environment, you need to ensure that your teams are continually in close collaboration with one another. ClickShare CX-50 is a premium wireless conference system designed to facilitate exactly this, connecting in less than seven seconds and allowing users to participate in completely wireless and productive conferences while also being able to deliver presentations in full HD without hassle caused by cables, connectivity or location.

Find out what's new in the latest ClickShare update

Interact, discuss, collaborate with remote participants in superior AV quality driving multi-content sharing

Superior wireless conferencing

ClickShare CX-50 allows you to use your preferred conferencing tool and start a meeting from your device, providing an immersive conferencing experience with exceptional audio-visual quality. Connecting to conference room audio-visual peripherals via USB is automatic, meaning you don't waste valuable time trying to connect to cameras or soundbars in the meeting, conference or boardroom.

Choose how you want to collaborate

With ClickShare CX-50, you can "bring your own meeting" and decide which way you want to collaborate. It offers a range of capabilities for more effective collaboration in your medium-to-large meeting rooms including annotation* so

BARCO

meeting participants can add comments to slides, blackboarding so details can be updated in real time, moderation for team members to control what is shown on the meeting screen and complete touch-screen control through ClickShare CX-50 touchback support feature. Use the ClickShare Conference Button and the ClickShare App for an intuitive and consistent user experience.

*Not all features available at launch, they will become available with future firmware updates

A user-friendly experience and enhanced security

For any business environment, ClickShare CX-50 is a perfect fit. Featuring enhanced security for your privacy and peace of mind, ClickShare Conference can be seamlessly integrated into any IT network. The XMS (Cloud) Management Platform, meanwhile, allows for simple and straightforward device management as well as a user-friendly experience and clear analytics. For practical questions on network deployment of the ClickShare Conference range, check our technical support or get in touch with your Barco contact
