SEEMEE 100
Smart & Safe Life

Feature

- ◆ Transparent optical fiber provides maximum 100 lumen light outputs.
- ◆ 260° lighting visibility gives you all around protection.
- ◆ 8 modes: smart mode, 3 constant modes, and 4 flash modes.
- ◆ Built-in motion sensor, automatically turns on when braking.
- ◆ Ambient light sensor, automatically adjusts mode according to environment changing.
- ◆ Low power mode (automatic) to extend the running time efficiently.
- ◆ Multiple mounting methods that fit in saddle and different seat posts.
- ◆ Memory function, battery indicates and USB rechargeable.
- ◆ Feathery 1.26 oz, and exquisite case design with IPX6 waterproof rate.

MAGICSHINE

Efficient Light Output

Compares to red cover, transparent optical fiber emits stronger and uniform light outputs while consuming less energy.

High Visibility

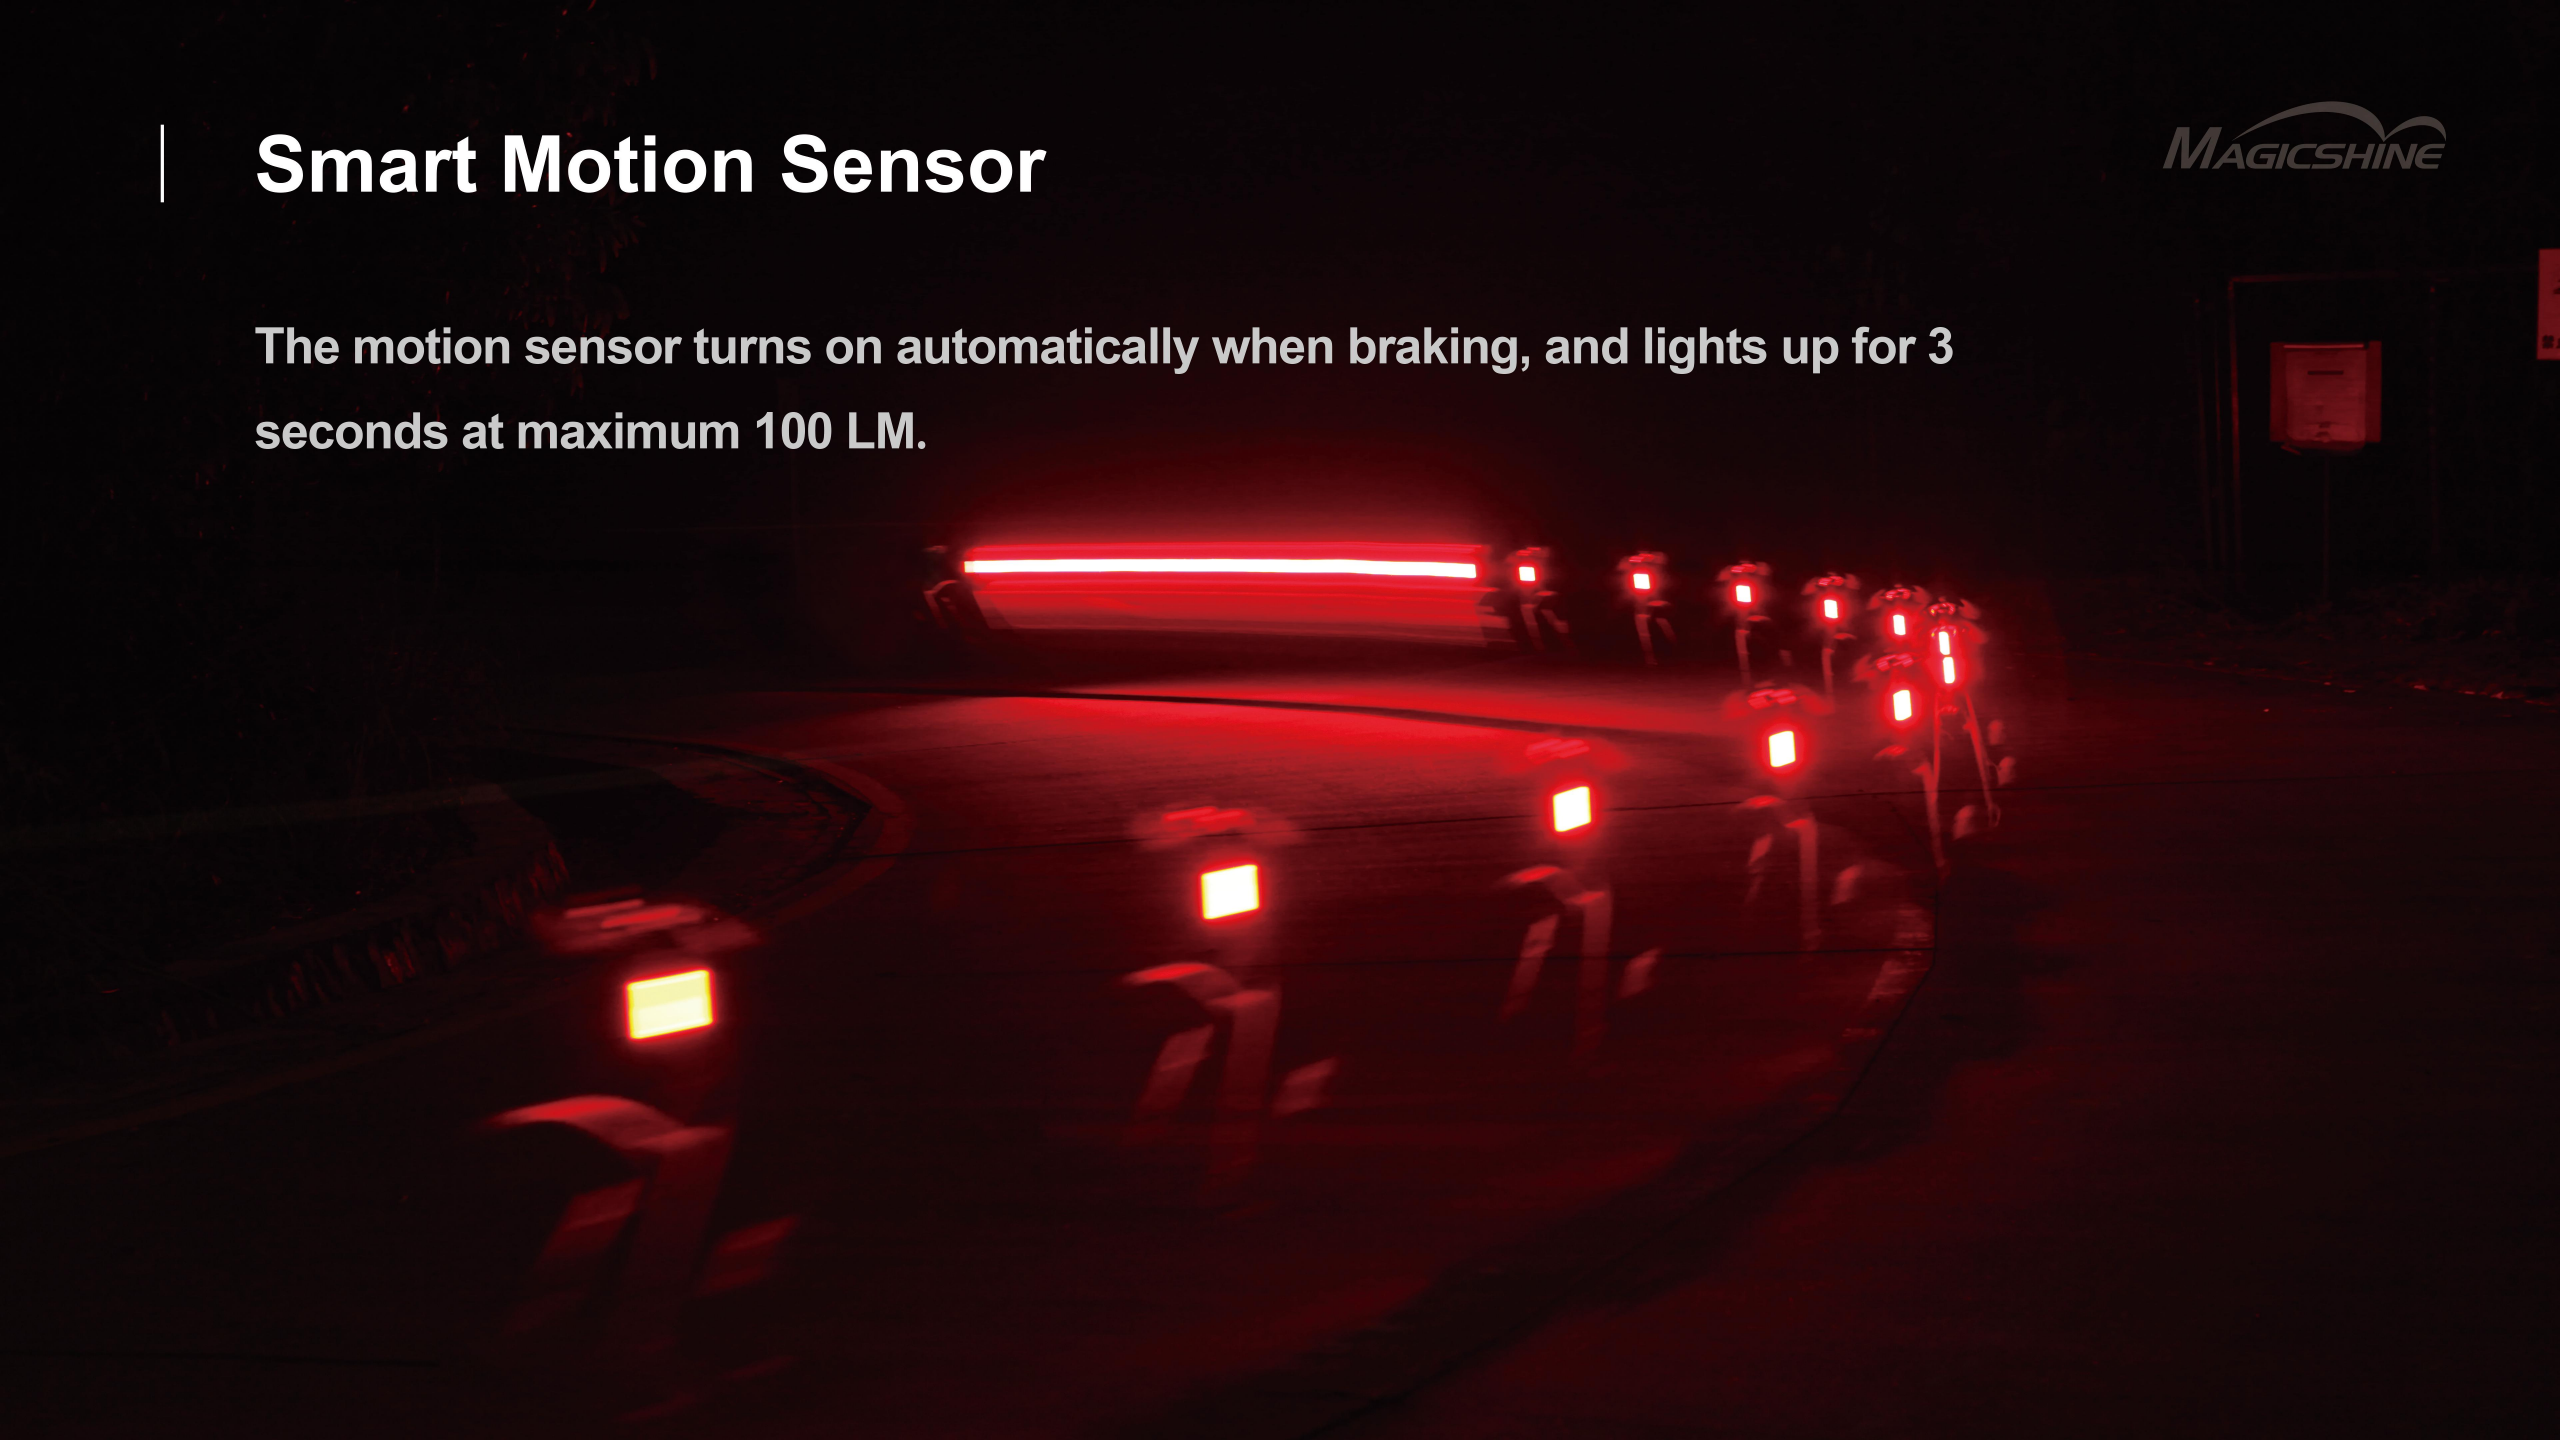

SEEMEE 100 allows riders to be seen from up to 2000m.
Distinguishes you from the traffic effectively.

Smart Motion Sensor

MAGICSHINE

The motion sensor turns on automatically when braking, and lights up for 3 seconds at maximum 100 LM.

Smarter —Master Your Way

MAGICSHINE

Ambient light sensor: Sensitive infrared light sensor built in, automatically change the light mode according to environment. Thus to increase warning effect during the day.

Low Power Mode

When battery level is **lower than 5%**, SEEMEE100 automatically changes to economic flash mode(**18LM**), which can run up to 20 minutes before it totally powers off. This feature ideally extends the burning time.

All Around Visibility

MAGICSHINE

The translucent hard case gives SEEMEE 100 high side visibility, which lets riders to be seen from all directions.

Convenient USB Charging

Battery indicator:

Charging:
flashes in **red**

Fully Charged:
indicates **green**

Smart Battery Indicator

At standby mode, click the power button to activate battery indicator for 3s.

Illustrates constantly: 21%-100%

Illustrates constantly: 6%-20%

Flashes in red: 0%-5%

Easy-to-Mount

With the versatile mounting strap, SEEMEE 100 is easy to be mounted under saddle or different seat posts.

IPX6 Waterproof Rate

SEEMEE 100 is fully sealed, and can resist water from any directions.

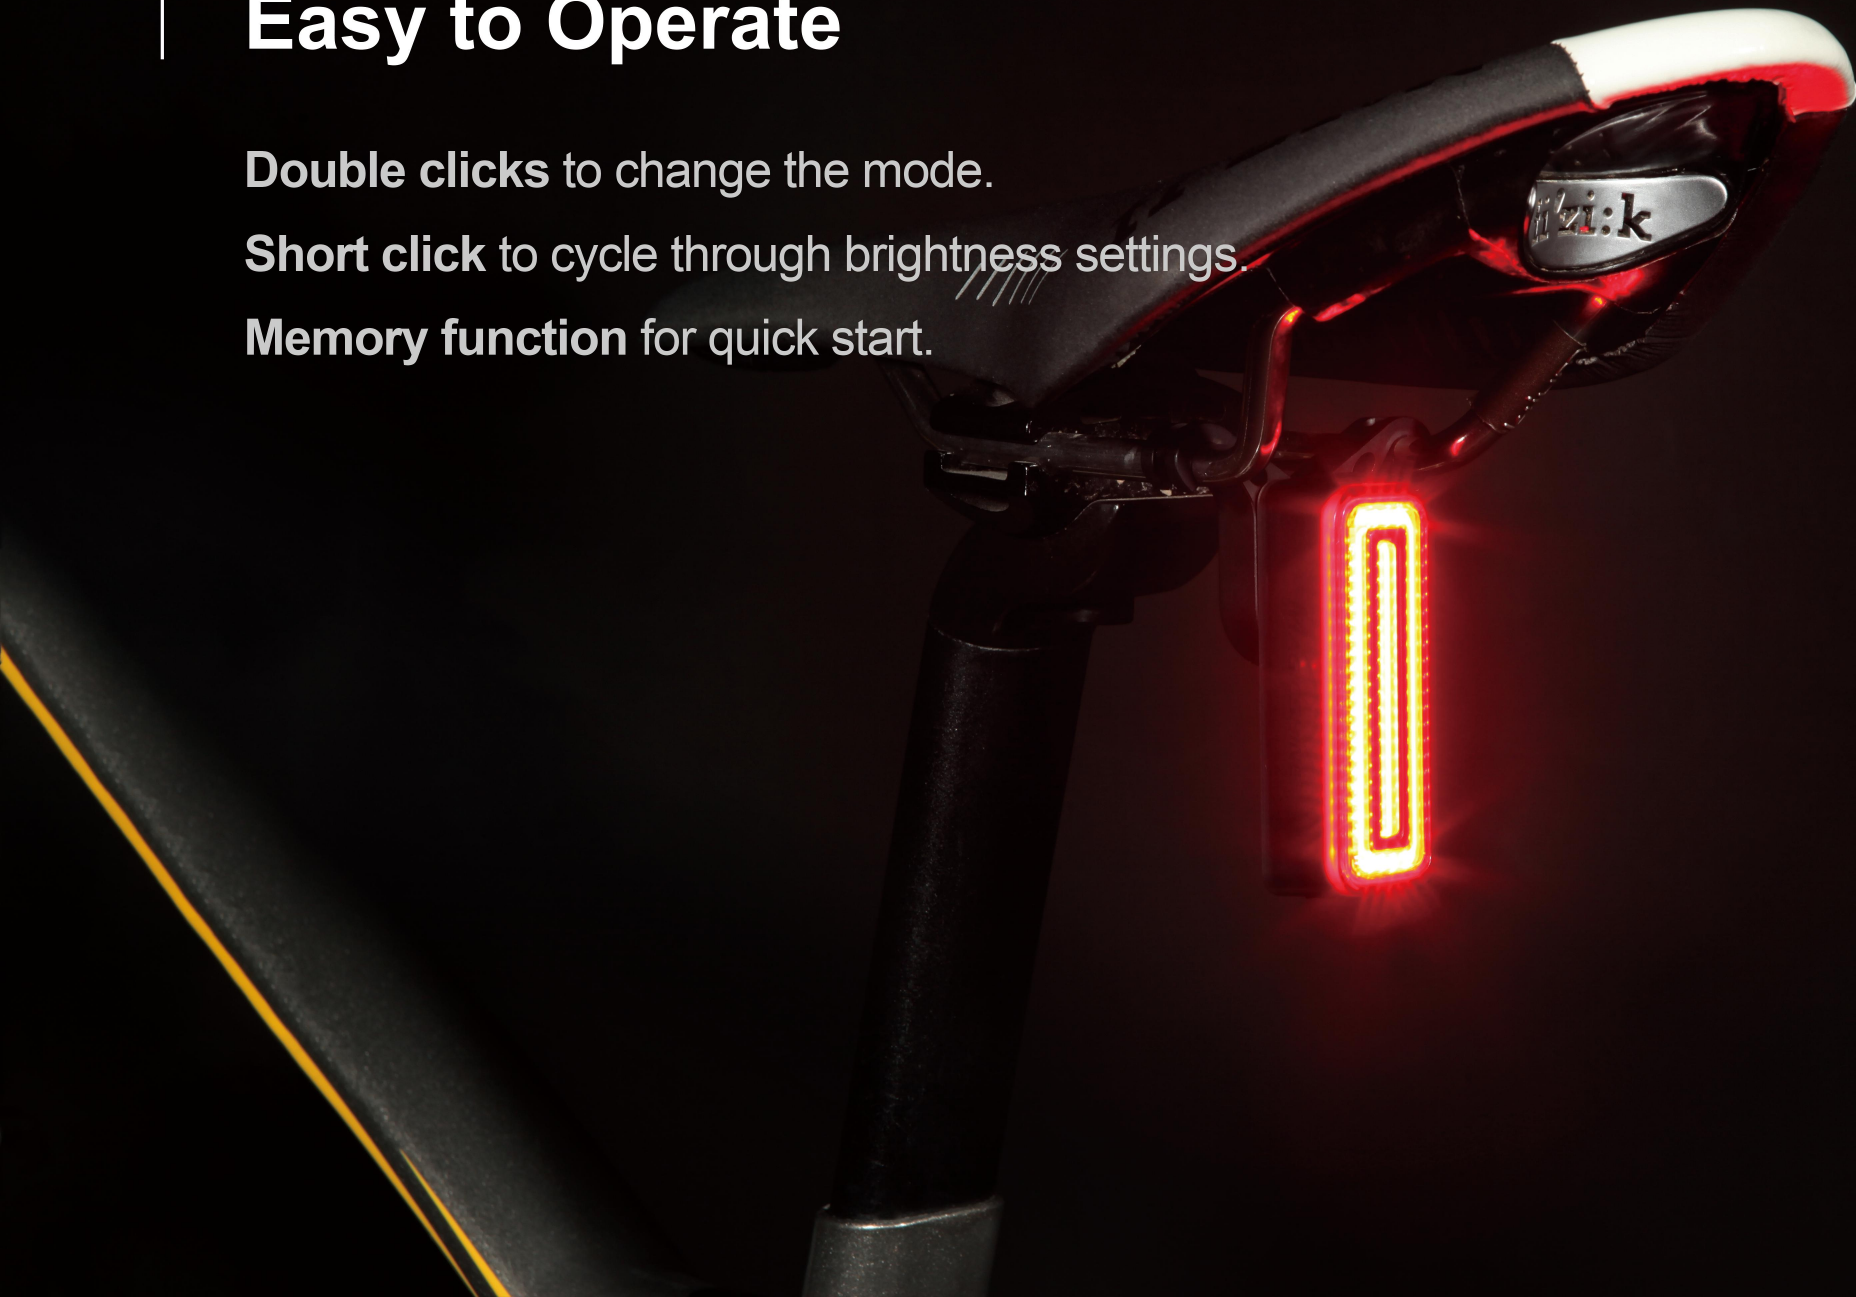

Water proof rate maybe decline over long using time

Easy to Operate

Double clicks to change the mode.

Short click to cycle through brightness settings.

Memory function for quick start.

Keep Cool

A cyclist wearing a blue and red jersey and a white helmet is riding a road bike. The bike has 'RALEIGH' written on the frame. The background is a dark, blurred street scene.

Road
Riding

A cyclist wearing a red and black jersey and a black helmet is riding a road bike away from the camera on a city street. The background shows a traffic light and a building with a sign that says 'Walk on Post Office Road, Don't Sit'.

Urban
Cycling

A cyclist wearing a blue jacket and a black helmet is riding a road bike. The background is a dark, blurred street scene.
