- Enduro
- Backcountry

## DESCRIPTION

The little brother of MONTEER 6500S, while strives for the best power performance. It is armed with 5 top LEDs, high transparent lens, and has combined flood(32°) and spot(21°) angle design, to cleave the way in forest, mountain, trail or backcountry, and strengthen riders' confidence to conquer the fear in the dark. With the advanced thermal analysis technology, MONTEER 5000S reduced the size significantly, while keep the high cooling efficiency thanks to it's CNC tough aluminum alloy body and built-in temperature control system. It's a compact and integrated powerful MONTEER light.

MONTEER 5000S is also a very flexible light that can be securely mounted on helmet, handlebar; it is compatible with bicycle computer and GoPro via Garmin mount. Thus MONTEER 5000S is a good companion for different riding missions.

With the 7000mAh powerful battery pack, MONTEER 5000S can run up to 90 hours without being recharged. And it can be used as a power bank for emergency use, which makes this lamp an even smarter choice.

# MONTEER 5000S STORM

GREAT OUTPUT DELIVERED

## FEATURES

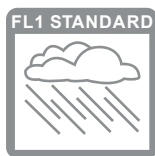

- Utilizes 5 high efficiency LEDs, maximum output up to 5000 lumens.
- Equipped with high efficiency lens to provide a smooth transition from the spot beam to the flood beam.
- Multiple modes settings for all-around lighting solutions for various riding environment.
- Straight forward operation with one button, memory function for instant mission.
- Secure mount to bike frame with tacky rubber pad and durable Velcro straps with no extra weight.
- Built-in temperature control system and cooling fin design assure high lighting performance.
- CNC machined aluminum with IPX 5 waterproof rate that suitable for various weather conditions.
- MJ-6116C 7000mAh long-lasting rechargeable Li-ion battery with capacity gauge, works as a power bank.
- Easy-to-read battery indicator on light head and battery pack.
- Available for 28mm, 31.8mm, 35mm, aero sharp handlebars.
