To minimize the environmental impact and take more responsibility for the earth we live, Xapron B.V. hereby confirms to date, based on the feedback from our suppliers, that our products comply with the restriction of SVHC (Substances of Very High Concern) in the EC Regulation 1907/2006 (REACH)

REACH compliance means that all substances contained in each respective product:

- Have been pre-registered and/or have been registered indicated by our suppliers, and/or
- Are excluded from the Regulation, and/or
- Exempted from registration

The products contain no substances of very high concern (SVHC candidate list, as published by ECHA; updated list of 27/06/2018).
