The presented analyzes was carried out according to the guidelines of the EPA (United States Environmental Protection Agency). This is the American Environmental Protection Agency that stands for the protection of the environment and human health.

In accordance with the requirements of the EPA directives, the manufacturer / distributor declares sole responsibility, by issuing this declaration of conformity, that the products in question comply with the requirements of the guidelines EPA 8270, EPA 7000, EPA 7000B, EPA 8260B and EPA 8270B.

Compliance of the products with the requirements of the above mentioned directives is demonstrated by full compliance with the following standards.

- EPA 8270 (Phthalates, DBP and DEHP not detected)
- EPA 7000 (Lead not detected)
- EPA 7000B (Arsenic, Cadmium, Chromium, Lead, Mercury, etc. are below the detection limit)
- EPA 8260B (80 measured substances are below the detection limit)
- EPA 8270B (79 measured substances are below the detection limit)

All values are below the limits of the National Drinking Water Ordinance (EPA regulation for safe drinking water).
