Product data sheet Soda Siphon stainless steel 0.75 L/1 L		

PRODUCT DATA SHEET

Soda Siphon stainless steel 0.75 l (1004)

Soda Siphon stainless steel 1 l (1020)

DESCRIPTION

The Whipper consists of the head part, stainless steel bottle with a measuring tube, and riser tube. Only iSi CO₂ chargers are used for the gassing. The gassing takes place using a charger holder. The dispensing valve is fixed in place in the head.

AREA OF APPLICATION

The pro for every bar – 0.75 L / 1 L refreshingly sparkling soda water with that extra fizz. Ideal for adding sparkle to long drinks & cocktails. The Whipper is not dishwasher-safe! The Whipper is only suitable for cold applications.

TECHNICAL DATA

Bottles are 100% tested under test pressure (see below).

Heads are 100% tested for function.

The Whipper consists of the following components and accessories.

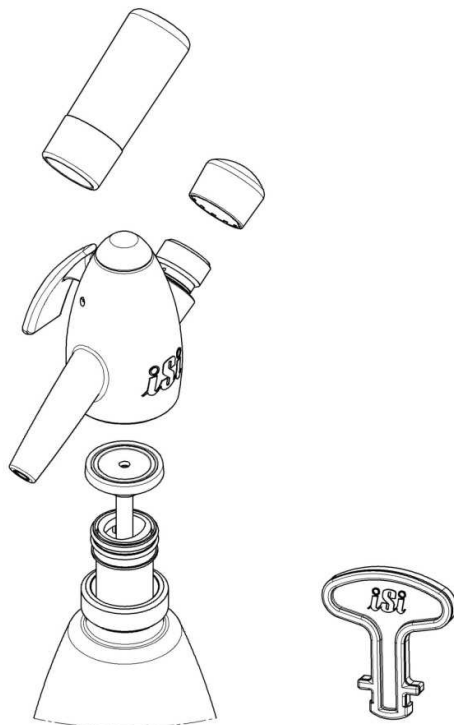

iSi GmbH Kürschnergasse 4 A-1217 Vienna	Product information	No.: SMB.I.055.e.01

CERTIFICATES

Soda Siphon stainless steel complies with European Regulations 1935/2004 and 10/2011 for materials in contact with food, and may carry the wine glass and fork symbol.

Soda Siphon stainless steel is pressure equipment with low hazard potential, and may not be labeled with a CE sign according to European Regulation 97/23/EG (PED), last changed by the provision 2012/1025/EU.

WARNINGS AND HANDLING

The safety instructions and operating instructions for the soda siphons and chargers must be strictly observed.

For chargers, see respective product data sheet.

Improper use can put your health at risk.

Unsuitable and not permitted for purposes other than those expressly stated.

Filled container is pressurized.

Keep out of reach of children.

STORAGE

The unfilled Whippers must be stored in a dry place at temperatures between -20°C and 50°C. Storage outdoors is not permissible.

TRACEABILITY

The Whippers are labeled with a batch number on the bottom of the bottle as well as on the underside of the head.
