

April 2018

Quality Certificate

We herewith confirm that our complete glassware meet the requirements of

- Regulation (EC) No. 1935/2004
- Food & Feed Code (*LFGB*)
- German Consumer Goods Ordinance (*Bedarfsgegenständeverordnung*)
- Commission Regulation (EC) No.2023/2006 on Good Manufacturing Practice for materials and articles, that are intended to come into contact with food

in the version currently valid at the date of preparation of this declaration.

The composition of our glass items made of crystal glass lays in the region of:

68% - 70,7% SiO₂

8,9% - 11% Na₂O

5% - 8,3 % CaO+MgO

10% - 13,75% various types of oxides

such as BaO, K₂O, ZnO, PbO

Our Glassware is checked in regular intervals. The testing methods for determination of heavy metals from glassware are according to DIN EN 1388-2 and according to ASTM C-927.
