

## **Declaration of compliance PLA products**

Køge November 22nd, 2019

Documentation from:

**Endeavour ApS**  
**Tangmosevej 87**  
**4600 Køge**  
**Denmark**

We hereby confirm that all plastic or PLA (PolyLactidAcid) bioplastic products which are intended to come in contact with food, produced for Endeavour ApS, as a minimum complies with all EU directives and regulations for food contact materials.

The supplier or producer of the materials or articles conforms with the regulation according to Regulation (EC) No. 1935/2004 (article 17), 10/2011 and 2023/2006. Specification of the used raw materials are controlled by Endeavour ApS and available upon at any time.

PLA material is tested for all foods, especially acidic foods – tested 2 hours at 40 degrees Celcius.

Plastic material is tested for all foods – tested 2 hours at 70 degrees Celcius for all hot foods.

Testing of migration of products have been tested by SGS testing facility and are available.

Tests and material documentation are available upon request.
