CERTIFICATE OF CONFORMITY

ARCOS HNOS, S.A. confirms that all our knives are suitable for food contact, including a traceability system of raw materials and manufacturing process.

This certificate of conformity is made based on 1935/2004/CE ensuring good manufacturing practices (according to CE 2023/2006) so that, under normal conditions of use, there is no risk for human health, and based on the regulation 10/2011 about plastic materials and objects destined to be in contact with food (migrations of plastics and migrations of heavy metals)

ARCOS knives are manufactured, in our own factories located in Albacete (Spain), according to an ISO 9001:2015 Quality System and Health Registration RGSA 39.03065/AB and in compliance with all requirements of the International Cutlery Standards ISO 8442-1/5.
