

**Declaration of compliance**  
**for materials made from plastic intended to come into contact with food**

**Identity of the product:**

Product:	Egg slicer
Articl number:	98118001-03
Material:	PP & Stainless Steel
Usage:	Slicing eggs

**Identity of the producer**

Company name:	DaloLinden AB
Address:	Marieströmsvägen 9 335 22 Gnosjö
Contact person:	Andreas Stenholm
e-mail address:	andreas.s@dalolinden.se

**Positive list, monomers:**

The polymer consists only of permitted monomers and starting substances listed in regulation 10/2011/EU.	
Signature:	DaloLinden Andreas Stenholm

**Additives:**

All additives used in this product are permitted according to regulation 10/2011/EU.	
Yes:	<input checked="" type="checkbox"/>
No:	<input type="checkbox"/>
If no – which other additives are added to the product?	

Chemical name	Cas. no.	Amount in the product (%)

**Dual use additives:**

Are dual use additives used in this product?			
Yes:	<input type="checkbox"/>		
No:	<input checked="" type="checkbox"/>		
If yes – which dual use additives? Are they subject to restrictions?			
Chemical name	Cas.no.	Amount into product (%)	Restrictions

**SML (Specific Migration Limits):**

All substances used in this product are checked in regulation 10/2011/EU and the following substances are subjects to restrictions.

**Functional barriers:**

Are functional barriers present in the product? If yes, compliance with regulation 10/2011/EU must be stated.	
Yes:	<input type="checkbox"/>
No:	<input checked="" type="checkbox"/>

**Global migration test:**

According to the future use of this product the material must be tested for global migration according to EU-directive 82/711/EC, as stipulated in regulation 10/2011/EC.  
Tested and approved according to regulations.

**Specific migration test:**

If SML values are given above the material must be tested for specific migration according to EU-directive 82/711/EC, as stipulated in regulation 10/2011/EU.  
Tested and approved according to regulations

**Specification of the intended use or limitations:**

- Type(s) of food intended to come into contact with the material:  
The product is made for all type of food. Tested for 2 hours 70 C and 15 minutes 100 Celcius.
- Type (s) of food NOT intended to come into contact with the material:  
None.
- The product can be used repeatedly.

### Good Manufacturing Practice

The regulation 2023/2006/EC requires that good manufacturing practice is used. DaloLindén has an internal quality system to ensure the quality of its products.

### Traceability

Traceability of the product is ensured according to Regulation 1935/2004/EC via the date which is written on the transport packing or on the time wheel on the product.

### Compliance:

The product does not apply any danger to health or environment according to article 3 in Framework Regulation 1935/2004/EC. The product complies with current EU-legislation (10/2011/EU).

We commit ourselves to inform you of any changes in the formulation of the product.
