mentioned products, the migration limits given in the Regulation (EU) no. 10/2011 are strictly adhered.

Note on dual use substances:

Substances also approved as food additives do not migrate or are contained in marginal quantities only so that they do not display any technological effect in case of migration.

The organoleptic tests executed on our behalf discovered no inadmissible influence on the food having been in contact with the products.

Specification of the intended use or restrictions:

- Foodstuffs, that may come into contact with the material:  
Ice cubes
- Scope of the articles:  
dishwasher safe

The ratio of the surface area that is to come into contact with the foodstuff to the volume levels, with which the object conformity was determined, complies with the legal demand according to the Regulation (EU) 10/2011.

Test conditions: 2h / room temperature

There is no functional barrier made from plastic used in the above mentioned products.

This declaration is valid for the above specified products supplied from us; the test of conformity was accomplished according to the directives of the Regulation (EU) no. 10/2011; thereafter the products fulfill the requirements in compliance with the given food contact conditions. In case of deviation from the food contact conditions the user has to assure himself of the suitability.

Particularly we point out that no contact between printing ink and food may occur.
