

CEV425CP 2 LED L/H

Bottle Cooler, Left Hinged

Product Features

- Left hinged glass door
- Great product presentation
- Illuminated canopy
- Ideal for branding
- LED light in door frame
- Adjustable shelves
- Fan assisted cooling

Bottle Cooler with left-hand hinged door

To save you the trouble of reversing the door, we have introduced this model with a left hinged door. The model is otherwise identical to the version with the right hinged door. The CEV425CP L/H is where efficient cooling and great design meets affordability. Featuring adjustable wire shelves, it is easy to customize this fan assisted bottle cooler to your selection of bottled and canned beverages. The glass door with LED lighting on the inside of the door frame makes sure that your products are always stylishly displayed. With its clean lines, the CEV425CP is perfect for keeping beverages refreshingly cool in many different settings, such as smaller and larger shops, delis, cafes, restaurants, bars, canteens, offices, gyms etc. To fully release its marketing potential, have the bottle cooler with a LED illuminated canopy decorated nicely with customized branding. The CEV range is available in white or black color options, with a right-hand hinged door or left-hand hinged door, and with or without a canopy. Upon request and at an additional cost, this product is also available with an EU energy rating C. Contact our sales team for more information.
