

# 95234080

# Remotely Operated Transfer Switch ATyS r 4P 800A

# Strong points

- Watchdog relay to check product availability
- Integrated auxiliary contacts
- Extended power supply range
- More robust

# General characteristics

- Range from 125A to 3200A.
- Available in 3P or 4P.
- Extended power supply range 166-332VAC.
- Robust design.

# Compliance with standards

- IEC 60947-6-1
- IEC 60947-3
- GB/T 14048.11

## Access to resources (ex: manuals)

ATyS r are 3 or 4 pole remotely operated motorised transfer switches with positive break indication.

They enable the on-load transfer of two three-phase power supplies via remote volt-free contacts, from either an external automatic controller, using pulse logic, or a switch.

They are intended for use in low voltage power systems where interruption of the load supply is acceptable during transfer.

#### **Technical Characteristics**

| Classification                  |          |
|---------------------------------|----------|
| Frame size                      | B6       |
| Туре                            | Class PC |
| Rated current [A]               | 800      |
| Number of poles                 | 4        |
| Control operator                | RTSE     |
| Weight [kg]                     | 47.6     |
| Depth of the product unit [mm]  | 391.5    |
| Width of the product unit [mm]  | 584      |
| Length of the product unit [mm] | 321      |
|                                 |          |
